OCS STAFF MEETING NOTES

July 19, 1979

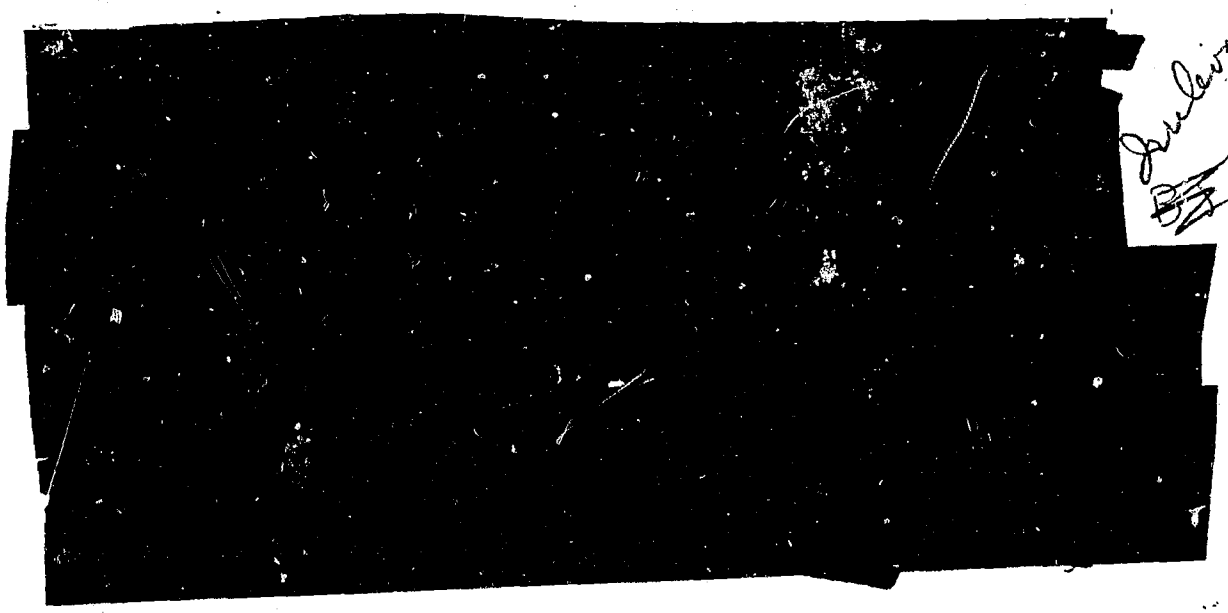
PARTICIPANTS:

Miss Watson
Mr. Gise
Mr. Rando
Mr. Rini
Mr. Ward
Mr. Dozier
Ms. Abell
Mr. Horan
Mr. Dalton
Mr. DiPlacido
Mr. McCoy
Mr. Dobrenchuk
Mr. Belt

REVIEWED BY [illegible] A/OPR/KR DATE 3/2/87
PORTIONS DENIED AS INDICATED

1. Shivalila Society - Three members of this Society recently came in for passport renewal and indicated the Indian police had gone out to talk to them recently. We are trying to confirm the report of the deaths of four children. We will do this both through the post and through defectors here in the U.S. It might be a good idea to have the post relay any future passport applications to the Department before issuance so we could try to get the necessary information on the deaths. The recent applicants also mentioned that they would be moving to the south of India during the winter months. The GOI has apparently indicated to them that they must have the proper documentation in order to stay in India and they are, therefore, revalidating their passports.

2. Nicaragua update - There are 17 people at the Embassy now, including one consular officer who is not issuing visas but concentrating on welfare cases. No more evacuation flights are scheduled, however, there should be some more relief flights bringing in supplies from Panama and they hope to have them take out classified files.



Irrelevant

5. Prosecution of Larry Layton - Another meeting on this will be set up with Phil Heymann (Justice) for Wednesday or Thursday of next week.

R

6. Loss of Nationality Processing - The instructions to the field are being simplified and streamlined and will be reissued in a format similar to the Arrest Handbook.

6. London's Suggestion regarding Repatriation - We agree that the primary concern in purchasing repatriation tickets for American citizens should be total cost to the USG, however, for the London suggestion to be workable we would have to be reimbursed by HEW for t' additional cost to State. This will be looked into with HEW.
